09/748,714

February 2007. Support for this language can be found, for example, in discussions related to Figures 1-3. In both McKee and Affinito the nozzles are pointed directly at the surface to be etched or on which to be deposited.

It is believed that these amendments to the claims place the claims in condition for allowance, or in any case, in better condition for appeal.

Favorable action is courteously requested.

Respectfully Submitted,

14 March 2007

Wayne E. Nacker
